DID YOU KNOW?

Labour Day is a celebration of Canadian workers' social and economic achievements. Until 1892, unions were illegal in Canada's archaic British law system, making it incredibly difficult for workers to strike and demand better working conditions.

Paid maternity leave benefits have only been in existence in Canada since 1971. Prior to 1971, a new mother either had to return to work very quickly or quit her job to raise her child.

Because of his background as a tax collector, Matthew is the patron saint of bankers and accountants.

IT'S BEEN SAID:

Work and play are words used to describe the same thing under differing conditions. - Mark Twain

"By all these lovely tokens

September days are here,

With summer's best of weather

And autumn's best of cheer."

- Helen Hunt Jackson, *September*, 1830-1885
